

## Biotic and Abiotic Factors in Ecosystems Video Worksheet

Grade 5

Watch the video **Biotic and Abiotic Factors in Ecosystems**.

Answer the following questions while you are watching the video:

1. What 2 things can you find in an ecosystem? Give 2 examples of each.
2. Give an example of how biotic factors interact.
3. Give an example of how abiotic factors can influence life in an ecosystem.
4. Define biotic factors.
5. Why do living things need each other? (Hint: there are 3 answers)
