

## What is a Habitat Video Worksheet

## Grade 5

Watch the video **What is a Habitat?**

Answer the following questions while you are watching the video:

1. List the 3 types of living things.
2. Name the 5 things all living things need.
3. What is another word for habitat?
4. Name some differences between habitats.
5. Name the 6 types of habitats.
6. Give an example of how animals adapt to their environment.

7. Use the back of the page to draw a picture of your house (habitat) with as much detail as possible.

Label the picture with descriptive words for your habitat.
